Notice is hereby given that Tidal Lagoon (Swansea Bay) plc (the "Applicant") of The Lypiatts, 15 Lansdown Road, Cheltenham, Gloucestershire, GL50 2JA proposes to apply to the Secretary of State for Energy and Climate Change under section 37 of the Planning Act 2008 for a DCO (the "Application"). The proposed Application relates to the construction and operation of a tidal powered generating station to be constructed on the seabed south of and connecting to Swansea Docks (between the dredged channels of the Rivers Tawe and Neath) and on other land (including foreshore) nearby in and adjacent to the City and County of Swansea and in the County Borough of Neath Port Talbot (the "Project"). The Project is a Nationally Significant Infrastructure Project under section 14 of the Planning Act 2008.

The proposed DCO will authorise matters including:

1. construction and operation of hydro turbines and their housing with a nominal generating capacity of 240MW;
2. construction and dredging for a lagoon including around 9.5km of new sea wall and related facilities impounding around 11.5km^2 of seabed/foreshore;
3. electricity transmission infrastructure required for the export of electrical power via Baglan Substation in the County Borough of Neath Port Talbot including cables laid offshore and onshore, electricity step-up facilities and other electricity transmission facilities;
4. the compulsory acquisition of land including rights in or over land required for the purposes of the Project, or to facilitate or incidental to the Project; and
5. development including plant, equipment and buildings comprised in the Project including:
    - 5.1 construction sites, lay-down areas, working areas and temporary works and structures;
    - 5.2 site access, internal site roads, vehicle parking;
    - 5.3 landscaping;
    - 5.4 tourism, recreation, sporting and visitor amenities and facilities comprised in the Project;
    - 5.5 navigational lighting and safety warning systems;
    - 5.6 operation and control facilities;
    - 5.7 foul drainage provision and surface water management systems;
    - 5.8 permanent and/or temporary changes to the highway network for the Project and other access facilities;
    - 5.9 the application and/or disapplication of legislation relevant to the Project including inter alia legislation relating to the compulsory acquisition of land; and
    - 5.10 such ancillary, incidental and consequential provisions, permits or consents as are necessary and/or convenient.

Tidal Lagoon (Swansea Bay) plc

The Project is an environmental impact assessment development. Accordingly, the Applicant has made preliminary environmental information available in the form of a Preliminary Environmental Information Report ("PEIR"). A Non-Technical Summary ("NTS") of the PEIR has also been prepared. A plan showing the proposed extent of the Project site (the "Redline Plan") has also been prepared. The PEIR and the NTS, together with the Redline Plan, may be inspected free of charge at **Suite 6, J-Shed, King's Road, Swansea SA1 8PL**, between the hours 1030 and 1700 Monday to Friday, and at the following locations and times:
