

Appendix 6.5

Local Authority sign off – of SoCC

Subject: RE: TLSB Draft Consultation Strategy - formal submission under s47(2) PA2008

Good morning Alex,

I can confirm that the Draft Consultation Strategy is in line with our discussions and has incorporated the previous comments provided. As such there are only a few minor observations provided in respect of the same:

1. Key Issues and Responses – Section 7 (p.35)

Under the 'Energy' section, refers to whether the energy will be used by Swansea itself? Should this refer to NPT also?

2. Appendix B

Both maps at (ii) Swansea Bay Tidal Lagoon, Zone of Theoretical Visibility and (iii) Proposed Cable Route, with 1km radius, at A4 size are a little difficult to read with the latter also appearing blurry. Suggest clearer images / larger scale?

Aside from the above, I have no further comments to make.

Regards,

Melissa

Good afternoon Melissa,

Please find attached the TLSB Draft Consultation Strategy and cover letter, now formally submitted to CCS. I have also just put hard copies of these documents in the post to you. Apologies for not sending these on 1 April as I had hoped – the deadline for responses has been adjusted accordingly.

I have also attached for your reference (but not included in the package), a 'comments tracker' to show how we have responded to comments from yourself, CCS and PINS. Other amendments have been made to the document in line with legal advice – these are not tracked, but you should still find the document very familiar with no major surprises.

I would appreciate it enormously if you could confirm safe receipt of this email and the package, given the significance and timescales. Please let me know if you have any questions.

Regards and have a good weekend,

Alex

Evening Alex,

Further to my email of the 18th March 2013, I would confirm that the City & County of Swansea has no further comments regarding the consultation strategy and proposed SOCC.

Kind regards, Richard.
